

MANLY UNDERWATER WORLD SYDNEY

Project cost (excluding land) approx. = A\$ 14 million

First Year Visitation = 650,000 visitors

Features:

- One main circular display tank (40.5m diameter)
- 60m long acrylic tunnel.
- 85m long moving walkway
- A range of smaller fish tanks and exhibits.
- Seal show and pool on upper level.
- Theatre and class room.
- Souvenir shop
- Fast food restaurant.
- Jetty.

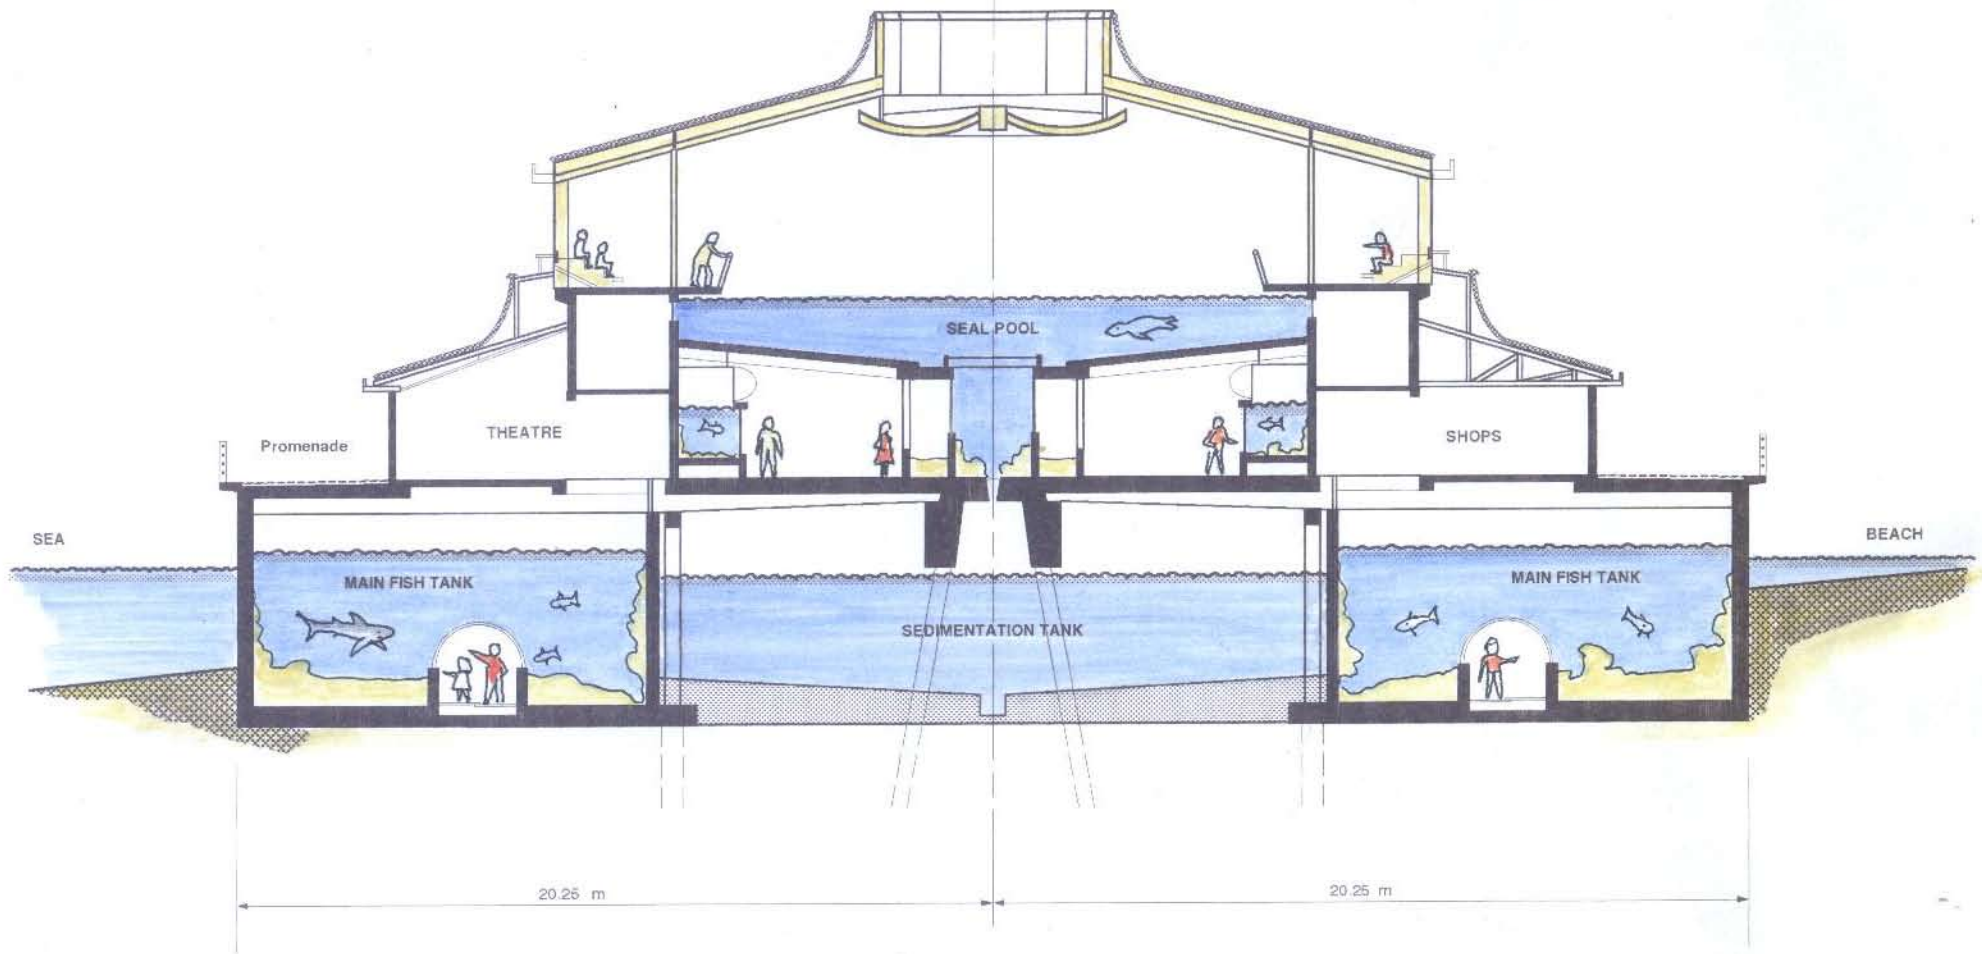

Project completed in 1988, as a major refurbishment of the old existing aquarium. Construction carried out behind extensive sheet pile walls to hold back the sea.
